An issue was also raised about an overgrown hedge along Egginton Road, approaching the Mease roundabout.

Action: Cllr Cuddington to write to the resident to request that the hedge is cut back.

It was also noted that grass and weeds were growing underneath a holly hedge along Egginton Road.

Action: Cllr Andrew to chase Groundsmen for this action to be completed.

There were also overgrown hedges restricting pedestrian access along the footpath approaching the Mandarin.

Action: Cllr Coney to follow this up with Derbyshire County Council

b) Police Matters

No report

c) District / County Council Member Reports

District Councillor S Meghani

Cllr Meghani reported that he had been appointed as Deputy Leader of South Derbyshire District Council. Cllr Meghani also provided an update on recent appointments including Claire Ward as East Midlands Mayor and Nicolle Ndiweni as Police and Crime Commissioner for Derbyshire. It was also noted that as a result of Parliamentary constituency changes, Hilton would form part of the Derbyshire Dales constituency for the General Election.

Cllr Meghani reported that he was currently supporting residents of Hilton in housing and business matters. Cllr Patten was also providing support to residents.

Several events to commemorate the 80th anniversary of D Day Landings were due to take place in the Swadlincote area on or around 6 June 2024. Concerns were again expressed that events were concentrated on the Swadlincote area and no events were planned for Hilton or surrounding areas.

District Councillors J Davies and G Andrew

Cllrs Andrew and Davies reported as follows:

- A review of the Planning Service was due to be discussed by the Environment and Residential Services Committee during week commencing 3 June 2024. It was hoped that this would result in an improved planning service
- A review of the housing service was also to be undertaken although concerns were expressed that the growth of Hilton was not reflected in the services provided
- Cllrs Andrew and Davies had made strong representations and attended the Planning Committee and were pleased to report that the Trenport planning application had been deferred to be discussed alongside the Aldi planning application in June.
- Cllrs Andrew and Davies were supporting several residents with housing issues
- Cllr Davies had supported a number of residents who had made payments to Etwall Leisure Centre and it was expected that their subscriptions would be returned shortly
- The walking group established by Cllr Davies – ‘Walk and Whine’ had proved to be extremely successful and well-received.

County Councillor J Patten

Cllr Meghani reported on the following issues on behalf of Cllr Patten:

- **Derby Road crossing** – Cllr Patten had chased up the cutting back of the vegetation by the crossing. As the resident has ignored requests to cut back, DCC Maintenance Team had been instructed to cut back the hedge and recharge. Considerable concerns had been raised to the Parish Council about the safety of the crossing.

Action: Cllr Coney to email the DCC Cabinet Member for Highways to request that the cutting of the hedge is expedited.

During discussions, it was also highlighted that the hedge leading down the jitty from the crossing was overgrown.

Action: Cllr Andrew to ask Groundsmen to cut this back

- **Littering advertising signs** – once again we have been bombarded with advertising signs being erected around the village.
Action: Cllr Patten to take these down as soon as possible
- **Roundabouts – Avon Way, Nene Way** - It was noted that patching had been done to Nene Way but no work had been done on Avon Way. Cllr Patten had taken photographs of the road surfaces and had sent these to the cabinet member for Highways for clarification.
Action: Cllr Meghani to chase this requirement.
- **Bus route Welland Road** – a complaint had been received from a resident regarding the bus route damage to the roundabouts and vibration, along with the proposal to change the route to use the Mease instead. Cllr Patten had asked the question regarding the possibility of changing the route, but as Trent Barton are a commercial operation this would be at their discretion. Cllr Patten was aware that residents would be 50/50 regarding any such suggestion as those in Welland Road would have to walk to the Mease to catch a bus. It will put it to the bus company at the next meeting. During discussion, it was highlighted that residents in Percy Wood Close and other houses along Main Street also had a very long way to walk to the bus stop since the bus routes had been changed. This issue was to be raised at the Parish Council meeting with Trent Barton on 26 June 2024.
- **Travellers encroachment Sutton Lane** – Cllr Patten had forwarded information on to DCC. This situation was being closely monitored.
- **Road traffic regulation order (A516 Hilton Road traffic regulation order to the Boundary with Derby City Council) (40mph and derestricted speed limit) Order 2024** - Derbyshire County Council proposes to introduce a 40mph limit on the A516 from a point 170m northeast of its roundabout junction with Willowpit lane in a southerly direction to its roundabout junction with the A50 westbound on/off slip road and the A5132. The proposed 40mph speed limit will include the roundabout junction with Willowpit lane and the A50 eastbound on/off slip roads and the roundabout junction with the A5132/A50 westbound on/off slip roads. The proposed amendments to the A516 speed limit are due to safety concerns with pupils accessing the school from Hilton village across both on the on and off slip roads to the A50. Further consultation will be sent to Cllr Patten and include any necessary amendments, statutory public notice etc. Cllr Patten had given full support to this scheme.
Action: Cllr Patten to ensure that the Parish Council is kept up to date

273/24 To consider application to become a Parish Councillor

b) Aldi and Trenport Planning Applications

Trenport had submitted their planning application which had been discussed at the Planning Committee on 28 May 2024. A site visit had also taken place earlier

that day. Cllr Cuddington had registered to speak at the Planning Committee but District Councillors had voted for a deferment until 18 June when the Aldi planning application was also due for discussion. It was noted that the recent traffic survey commissioned by the Parish Council had highlighted considerably higher levels of traffic on Derby Road than had been identified by either developer. The obvious influence exerted by the Parish Council over these planning issues was welcomed and in the light of this, it was RESOLVED that Aldi and Trenport be invited to attend a meeting with the Parish Council in order to reach an agreed traffic plan for discussion at the next Planning Committee.

Actions: Cllr Cuddington to invite representatives from Aldi and Trenport to meet with the Parish Council before 18 June 2024.
